Central Intelligence Agency
Office of the Deputy Director for Intelligence

06 NOV 1987

NOTE TO: Lieutenant General Edward J. Heinz, USAF
Director, Intelligence Community Staff

Here is the Directorate of Intelligence Research Program for 1988. It contains sections on what we think the critical intelligence and security issues will be over the next five years, the priority issues we will be highlighting in our research this year, and DI Office research plans.

Throughout the program you will notice a strong emphasis on economic, political, and social change in the Soviet Union, Soviet military plans and forces, and Soviet activities on arms control. We have also focused on key functional issues such as international terrorism and narcotics.

I urge you to leaf through the program, particularly those sections of special interest to you. I would value your comments on specific topics or the overall program.

Richard J. Kerr
Deputy Director for Intelligence
